For students' safety and to ensure this session complies with the school system's required COVID-19 protocols, this presentation will be formatted for public viewing via the ZOOM platform. Details on how to access the meeting remotely will be published on the [County's website](#).

As always, public input and questions are welcomed on any presentations and projects of this nature. For Campbell County residents' safety and convenience, an electronic public feedback form can be accessed at www.campbellcountyva.gov to convey comments on any of the materials presented. All feedback will be shared with both Boards for their consideration.

A copy of Blair Construction's presentation will also be posted on the County's website following the session.

Please note that seating is limited due to COVID-19 safety policies. Media representatives or other non-school personnel are welcome, however, those wishing to attend on-site will be **required** to:

- Wear a mask at all times in the facility;
- Sit in specified areas to ensure social distancing; and
- Adhere to directional access/exit signage.

We invite and encourage you to join us online in viewing this presentation as this exciting project moves forward.
