RE: Campbell County Utilities and Service Authority Board

Dear Mr. Rogers,

At our December 16, 2022, Board meeting, the Authority Board unanimously passed a resolution authorizing me to send a letter requesting consideration from the County for providing staggered four-year terms for the Authority Board members. We propose that the staggered four-year term for each Authority Board member as appointed for each District would align with the term of Supervisor for that District with each Supervisor eligible to make an appointment to the CCUSA Board after a period of one year from their election to a full term to the Board of Supervisors.

We believe this request is in the best interest of the Authority customers as it will provide for a consistent transition of knowledge and oversight for Authority operations and management. CCUSA looks forward to continuing our long history of working with the County to provide water and wastewater services to as many customers as it is practical to do so.

Please feel free to contact me or Jeff Wells, Executive Director should you have any questions.
