

MEMORANDUM

To: Frank J. Rogers, County Administrator FJR
From: Clifton M. Tweedy, Deputy County Administrator
Subject: AGENDA ITEM – Highway Matters
Date: July 19, 2023

BACKGROUND:

Each month staff will prepare this report to update the Board on the status of previously identified highway issues. Items requiring Board action will be identified in a separate agenda item under Highway Matters.

DISCUSSION:

Supervisor Hardie

- Requested widening of the right turn lane at the intersection of Calohan Road and Route 29, north bound lane.
- Requested stabilizing the gravel on the shoulders at the intersection of Wisecarver Road and Route 24.
- Requested improvements to the intersection of English Tavern Road and Route 29 to improve safety. Particularly, lengthening the turning lanes due to increased development in the area.

Supervisor Cline

- Requested a study to determine drainage improvements that can be done to Route 460 in the vicinity of Moore's store in reduce flooding.

Supervisor Shockley for Supervisor Watts

- Requested review of signage locations at the intersection of Long Island Road and Route 501 to improve visibility.

Supervisor Carwile

- Requested an estimate of the costs to bring Destiny Lane up to standards to it allow it to become part of the State system through the Revenue Sharing program.

Pending Matters:

Supervisor Hardie

- Asked for speed reduction on Greenhouse Road.

Supervisor Cline

- Requested VDOT to continue to monitor the intersection of Route 460 and Doss Road. There were recently two more accidents at this intersection. *VDOT is design a mountable curb to provide greater separation between the travel lanes and the through lanes.*

Supervisor Shockley

- Requested a speed study along Leesville Road from Leesville Estates to the City Limits due to increased development along the corridor. This request was supported by Supervisor Brown. *VDOT traffic engineering is working on a study.*
