Article I. In General.

Sec. 20-1. Statement of applicability.

This Ordinance establishes the criteria, procedures and standards by which Campbell County will grant and enforce an ordinance cable franchise to a provider of cable services pursuant to VA. CODE ANN. § 15.2-2108.1 et seq. (Repl. Vol. 2018) as an alternative to a negotiated cable franchise pursuant to VA. CODE ANN. § 15.2-2108.20 (Repl. Vol. 2018). Campbell County, on request by an applicant, will continue to grant a negotiated cable franchise in accordance with Title VI of the Communications Act of 1934, as amended, 47 U.S.C. § 521 et seq., and as provided by VA. CODE ANN. § 15.2-2108.20 (Repl. Vol. 2018). The ability to seek an ordinance cable franchise under this Ordinance shall be available to:

(a) A cable operator with previous consent to use the public rights-of way to provide cable services whose negotiated franchise with Campbell County is up for renewal and who seeks to renew that franchise pursuant to VA. CODE ANN. § 15.2-2108.30 (Repl. Vol. 2018);

(b) A certificated provider of telecommunications services with previous consent to use the public rights-of-way in Campbell County through a franchise; and

(c) A certificated provider of telecommunications services that lacked previous consent to provide cable service in Campbell County but provided telecommunications services over facilities leased from an entity having previous consent to use of the public rights-of-way in Campbell County through a franchise.

For state law authority, see VA. CODE ANN. § 15.2-2108.1 et seq. (Repl. Vol. 2018). See also VA. CODE ANN. § 15.2-2108.20 (Repl. Vol. 2018), and VA. CODE ANN. § 15.2-2108.30 (Repl. Vol. 2018).

Editor's note.--The July 7, 2008 Act repealed former Chapter 20 of the Campbell County Code of 1988 ["Campbell County (Virginia) Cable Television Ordinance of 1998"] in its entirety, and enacted this Ordinance in its place.

[THE JULY 7, 2008 ACT adopted this section.]

gain only those rights to use as are properly in Campbell County and as Campbell County may have the undisputed right and power to give.

(c) After the forty five (45) day period set forth in Section 20-3(b), an applicant, through its president or chief executive officer, shall file written notice with Campbell County that the applicant elects to receive an ordinance cable franchise at least thirty (30) days prior to offering cable service in Campbell County. A franchisee shall assure that access to cable services is not denied to any group of potential residential cable subscribers because of the income of the residents of the local area in which such group resides. Campbell County shall have the right to monitor and inspect the deployment of cable services, and the franchisee shall submit semiannual progress reports to Campbell County pursuant to Section 20-18.1(a) hereof detailing the franchisee's current provision of cable services, in accordance with the deployment schedule and new service area plans for the next six months. The reports shall include visual (graphic, mapping) or written descriptions of the actual geographic boundaries of the service areas identified by the franchisee pursuant in this Section. The failure to correct or remedy any material deficiencies by franchisee shall be subject to the same remedies as contained in the Shentel Franchise and the provisions of this Chapter as they existed at the time of the grant of the Shentel Franchise.

For state law authority, see VA. CODE ANN. § 15.2-2108.21(D) (Repl. Vol. 2018).

For state law authority, see VA. CODE ANN. § 15.2-2108.21(G) (Repl. Vol. 2018).

[THE JULY 7, 2008 ACT adopted this section.]

Article II. Substantive Provisions.

Sec. 20-6. PEG channels and fees.

(a) PEG Channels

(i) The franchisee shall provide two (2) public, educational, and governmental access (“PEG”) channels dedicated solely to Campbell County or its designee and not shared with any other jurisdiction (unless Campbell County agrees otherwise). The second channel will be provided only after channel capacity has been maximized on the first PEG channel.

(ii) Campbell County may, after a public hearing and upon a finding that the existing PEG channels are substantially utilized within the meaning of VA. CODE ANN. §15.2-2108.22(1), require by ordinance that all Campbell County franchisees provide an additional PEG channel or channels, up to a maximum of three (3) additional PEG channels provided that the total number of PEG channels, including the additional PEG channels, shall not exceed five (5).

(iii) All PEG channels shall be carried on a franchisee’s basic tier.

(iv) Pursuant to the provisions of Section 20-12, a franchisee shall either interconnect with one or more other franchisees in Campbell County or directly connect to PEG insertion points to ensure the carriage of all required PEG access channels.

(v) Campbell County or its designee shall be responsible for management, operations, and programming of the PEG access channels.

(vi) Any additional PEG channel provided pursuant to subdivision (ii) of this subsection (a) that is not utilized for at least eight (8) hours a day by Campbell County need no longer be made available to Campbell County by a franchisee, but may be programmed at the franchisee’s

discretion. At such time as Campbell County can certify to the franchisee a schedule for at least eight (8) hours of daily programming for a period of three (3) months, the franchisee shall restore any reallocated additional PEG channels.

(b) PEG Fees

(i) At the end of the first Shentel Franchise, Campbell County may negotiate with all franchisees to set a new, recurring fee to support the reasonable and necessary capital costs of PEG facilities, including institutional networks, that shall be imposed on all franchisees such that the fee applies equally, on a gross revenue percentage or per-subscriber basis, to all franchisees in Campbell County.

(ii) If Campbell County and the franchisees cannot agree on a recurring PEG capital cost fee through negotiation under subdivision (i) of this subsection (b), Campbell County, by ordinance adopted after a public hearing, shall impose a recurring fee, calculated on a per subscriber or percentage of gross revenue basis, to support the reasonable and necessary capital cost of PEG access facilities, including institutional networks, however, such fee may not exceed the PEG Capital Fee previously imposed on cable operators by Campbell County.

(iii) Any and all PEG fees permitted or imposed under this subsection (b) shall be paid by the franchisee to Campbell County on the same schedule as franchise fees are paid pursuant to Section 20-7, and shall be subject to the same audit provisions as franchise fees are under Section 20-18.

For state law authority, see VA. CODE ANN. § 15.2-2108.22(1) and (3) (Repl. Vol. 2018).

[THE JULY 7, 2008 ACT adopted this section.]

[THE DECEMBER 6, 2010 AMENDMENT replaced “Jet Broadband Franchise” with “first Shentel Franchise” in (b)(1).]

Sec. 20-7. Franchise Fee.

Notwithstanding any other provision of law, no new or renewed cable franchise entered into on or after January 1, 2007, shall include a franchise fee as long as cable services are subject to the Virginia Communications Sales and Use Tax (VA. CODE ANN. § 58.1-645 et seq. (Repl. Vol. 2017)). Franchise fee as used in this section shall have the same meaning as that term is defined in 47 U.S.C. § 542(g).

All cable franchises in effect as of January 1, 2007, shall remain in full force and effect, and nothing in this Chapter shall impair any obligation of any such agreement; provided, however, that any requirement in such an existing franchise for payment of a monetary franchise fee based on the gross revenues of the franchisee shall be fulfilled in the manner specified in VA CODE ANN. § 15.2-2108.1:1(C)(2) (Repl. Vol. 2018).

Campbell County's acceptance of any payment under VA CODE ANN. §15.2-2108.1:1 (C)(2) (Repl. Vol. 2018) shall not prejudice any rights of the County under the applicable cable franchises (i) to audit or demand adjustment of the amounts reported by its franchisee, or (ii) to enforce the provisions of the franchise by any lawful administrative or judicial means.

For state law authority, see VA. CODE ANN. §15.2-2108.1:1(C) (Repl. Vol. 2018).

[THE JULY 7, 2008 ACT adopted this section.]

Sec. 20-8. Customer service standards.

(a) A franchisee shall be subject to the following customer service standards consistent with 47 C.F.R. §§ 76.309, 76.1602, 76.1603, 76.1618 and 76.1619:

(i) A franchisee will maintain a local, toll-free, or collect telephone access line which will be available to its subscribers 24 hours a day, seven days a week.

A. Trained representatives will be available to respond to customer telephone inquiries during normal business hours.

B. After normal business hours, the access line may be answered by a service or automated response system, including an answering machine. Inquiries received after normal business hours must be responded to by a trained representative on the next business day.

(ii) Under normal operating conditions, telephone answer time by a customer representative, including wait time, shall not exceed thirty (30) seconds when the connection is made. If the call needs to be transferred, transfer time shall not exceed thirty (30) seconds. These standards shall be met no less than ninety (90) percent of the time under normal operating conditions as measured on a quarterly basis.

(iii) The operator will not be required to acquire or perform surveys to measure compliance with the telephone answering standards in (ii), above, unless an historical record of complaints indicates a failure to comply or it is required of the incumbent.

(iv) Under normal operating conditions, the customer will receive a busy signal less than three percent (3%) of the time.

(v) A franchisee shall accurately collect and maintain data to measure its compliance with the telephone answering standards in subparagraphs (ii) and (iii).

(vi) Customer service centers and bill payment locations will be open at least during normal business hours and will be conveniently located.

(vii) Installations, Outages, and Service Calls. Under normal operating conditions, each of the following four standards will be met no less than ninety five percent (95%) of the time as measured on a quarterly basis.

A. Standard installations will be performed within seven business days after an order has been placed. “Standard” installations are those that are within 125 feet of the existing distribution system.

B. Excluding conditions beyond the control of the franchisee, the franchisee will begin working on service interruptions promptly and in no event later than twenty-four (24) hours after the interruption becomes known. The franchisee must begin actions to correct other service problems the next business day after notification of the service problem.

C. The “appointment window” alternatives for installations, service calls and other installation activities will either be at a specific time or, at maximum, a four-hour time blocking during normal business hours. A franchisee may schedule service calls and other installation activities outside of normal business hours for the express convenience of the customer.

D. A franchisee may not cancel an appointment with a customer after the close of business on the business day prior to the scheduled appointment. If a franchisee representative is running late for an appointment with a customer and will not be able to keep the appointment as scheduled, the customer will be contacted. The appointment will be rescheduled as necessary, at a time which is convenient for the customer.

(viii) A franchisee shall accurately collect and maintain data to measure its compliance with subparagraph (vi).

(ix) Communications between a franchisee and its subscribers.

Notification to subscribers. A franchisee shall provide written information on each of the following areas at the time of installation of service, at least annually to all subscribers, and at any time upon request:

1. Products and services offered;
2. Prices and options for programming services and conditions of subscription to programming and other services;
3. Installation and service maintenance policies;
4. Instructions on how to use the cable service;
5. Channel positions of programming carried on the system;
6. Refund policy; and

7. Billing and complaint procedures, including the franchisee's office hours, address and telephone number of the local cable office.

(b) A franchisee shall notify subscribers of any changes in rates, programming services or channel positions as soon as possible in writing. Notice must be given to subscribers a minimum of thirty (30) days in advance of such changes if the change is within the control of the franchisee. In addition, a franchisee shall notify subscribers thirty (30) days in advance of any significant changes in the other information required by subparagraph (viii) of this section.

(c) Billing

(i) A franchisee's bills to its subscribers shall be clear, concise, and understandable. Bills must be fully itemized, with itemizations including, but not limited to, basic and premium service charges and equipment charges. Bills will also clearly delineate all activity during the billing period, including optional charges, rebates, and credits.

(ii) In case of a billing dispute, a franchisee must respond to a written complaint from a subscriber within thirty (30) days.

(iii) Refund checks will be issued promptly, but not later than either:

A. The customer's next billing cycle following resolution of the request, or thirty (30) days, whichever is earlier, or

B. The return of the equipment supplied by a franchisee if service is terminated.

(iv) Credits for service will be issued no later than the customer's next billing cycle following the determination that a credit is warranted.

(v) A franchisee shall maintain an office within the franchise area for, at minimum, the payment of bills, delivery and return of subscriber equipment, requests for installation, disconnection, and reinstatement of cable service, addressing of subscriber inquiries, and receipt of subscriber complaints, only if this is required in an incumbent's franchise.

(vi) A franchisee shall provide parental control devices to all subscribers who wish to be able to block out any objectionable channel(s) of programming from the cable service entering the subscriber's home, only if this is required in an incumbent's franchise.

(vii) A franchisee shall maintain and provide to Campbell County on request a log of all subscriber complaints indicating the action taken by the franchisee, only if this is required in an incumbent's franchise.

For state law authority, see VA. CODE ANN. § 15.2-2108.22(4) (Repl. Vol. 2018). See also 47 U.S.C. § 552(a)(1) and (b); 47 C.F.R. §§ 76.309, 76.1602, 76.1603, 76.1618 and 76.1619.

[THE JULY 7, 2008 ACT adopted this section.]

Sec. 20-9. Service buildout requirements.

(a) Within no less than three (3) years of the date of the grant of the franchise, a franchisee shall make cable service available to all of the occupied residential dwelling units in the initial service area selected by the franchisee pursuant to Section 20-3(c)(i) hereof.

(b) Within seven (7) years of the date of the grant of the franchise, a franchisee shall make cable service available to no less than sixty-five (65%) of the residential dwelling units throughout the area in Campbell County in which the franchisee has telephone facilities.

(c) Notwithstanding subparagraphs (a) and (b) above, a franchisee shall not be required to make cable service available:

- (i) for periods of force majeure;
- (ii) for periods of delay caused by Campbell County;
- (iii) for periods of delay resulting from the franchisee's inability to obtain authority to access rights-of-way in the service area;
- (iv) in areas where developments of buildings are subject to claimed exclusive arrangements;
- (v) in development or buildings that the franchisee cannot access under industry standard terms and conditions after good faith negotiation;
- (vi) in developments or buildings to which the franchisee is unable to provide cable service for technical reasons or that require facilities that are not available or cannot be deployed on a commercially reasonable basis;
- (vii) in areas where it is not technically feasible to provide cable service due to the technology used by the franchisee to provide cable service;
- (viii) in areas where the average occupied residential household density is less than thirty (30) occupied residential dwelling units per mile as measured in strand footage from the nearest technically feasible point on the franchisee's active cable or such higher average density number as may be contained in an existing operator's cable franchise; or
- (ix) when the franchisee's prior service, payment, or theft of service history with a subscriber or potential subscriber has been unfavorable.

Should, through new construction, an area within a franchisee's service area meet the density requirement set forth in subparagraph (c)(viii), the franchisee shall, subject to the exclusions set forth

in subparagraphs (c)(i)-(vii) and (ix), provide cable service to such area within six (6) months of receiving notice from Campbell County that the density requirements have been met.

(d) During the twelve (12) month period commencing after the seventh-year anniversary date of the grant of a franchise, Campbell County may, by ordinance adopted after a public hearing in which Campbell County specifically finds that such a requirement is necessary to promote competition in cable services with Campbell County, require a franchisee to make service available to eighty percent (80%) of the residential dwelling units in the area in Campbell County in which the franchisee has telephone facilities within no less than ten (10) years of the date of the grant of the franchisee's franchise, subject to the exclusions set forth in subparagraphs (c)(i)-(ix) above. Sec. 20-10. Rights-of-way management.

(a) All excavation and reconstruction work by a franchisee in the public right-of-way must be in compliance with the requirements of Chapters 8, 11, 21 and 22 of the Campbell County Code of 1988 and any applicable VDOT standards. It shall be the responsibility of a franchisee to obtain any required permits, to review all applicable excavation, reconstruction, restoration, repair and permitting requirements, and to become familiar with such requirements before beginning any excavation, reconstruction, restoration or repair work in the public right-of-way or private property.

(b) Any equipment or facilities installed by a franchisee in the public rights-of-way shall be installed, located, erected, constructed, reconstructed, replaced, restored, removed, repaired, maintained and operated in accordance with good engineering practices, performed by experienced maintenance and construction personnel so as not (1) to endanger or interfere in any manner with improvements Campbell County or VDOT may deem appropriate to make; or (2) to interfere with the rights of any private property owner; or (3) to hinder or obstruct pedestrian or vehicular traffic.

(c) Whenever Campbell County or VDOT shall determine that it is necessary in connection with the repair, relocation, or improvement of the public rights-of-way, Campbell County or VDOT may require by written notification that any properties or facilities of the franchisee be removed or relocated. Within sixty (60) days after receipt of notification, unless Campbell County or VDOT extends such period for good cause shown, the franchisee shall remove or relocate its facilities to such place and under such terms and conditions as specified by Campbell County or VDOT. The franchisee shall bear all expenses associated with the removal and relocation except that Campbell County or VDOT will issue, without charge to the franchisee, whatever local permits are required for

the relocation of franchisee's facilities. If the franchisee does not complete its removal or relocation within sixty (60) days or such other period as authorized Campbell County or VDOT, Campbell County or VDOT may take such actions as necessary to effect such removal or relocation at the franchisee's expense.

Sec. 20-11. Institutional networks.

(a) Any franchisee holding a cable franchise from Campbell County that was granted before July 1, 2006, under which the franchisee is required to provide institutional network facilities or capabilities shall continue to provide such facilities or capabilities for the remaining term of that franchisee's franchise, as that remaining term was defined in that franchisee's franchise.

(b) On the expiration of a franchise subject to subsection (a) hereof, the franchisee shall, within sixty (60) days after written request by Campbell County, either (1) remove, at franchisee's expense, all of its institutional network facilities and equipment owned by franchisee from Campbell County property (excluding the public rights-of-way), or (2) enter into good faith negotiations with Campbell County to convey such facilities and equipment to Campbell County at a price not exceeding franchisee's then-current net, depreciated book value of those facilities and equipment. If, despite such good faith negotiations, the franchisee and Campbell County cannot agree on a sales price for such facilities and equipment, the franchisee shall, within one hundred twenty (120) days, either (a) remove such facilities and equipment, at franchisee's expense, from Campbell County's property, or (b) abandon such facilities and equipment.

[THE JULY 7, 2008 ACT adopted this section.]

Sec. 20-12. Interconnection.

(a) Unless otherwise agreed to by Campbell County or unless the franchisee elects direct connection pursuant to subparagraph (f) below, a franchisee shall interconnect its cable system with the cable systems of one or more franchisees, as necessary, located in Campbell County for the purpose of ensuring the carriage of all PEG access channels.

(b) Any new cable operator other than Shentel franchised pursuant to this ordinance on or after July 1, 2006, shall promptly enter into negotiations to interconnect its cable system with the Shentel cable system. Any such franchisee and Shentel shall negotiate the terms and conditions of an interconnection agreement.

(c) The construction costs and ongoing expenses of the interconnection shall be shared fairly between the interconnecting franchisee and Shentel. If no interconnection agreement is reached within one hundred eighty (180) days after the effective date of a franchisee's franchise, Campbell County shall designate the point of interconnection. As soon as practicable after Campbell County's designation of the point of interconnection or the negotiation of an interconnection agreement, but in no event exceeding 240 days after the effective date of its franchise, a franchisee shall carry all PEG access channels on its cable system as required under Section 20-6(a) hereof.

(d) A franchisee shall ensure that all PEG access channel signals carried on its system, whether via interconnection or other method, comply with all applicable FCC signal quality and technical standards for all classes of signals, and that interconnection or direct connection pursuant to subparagraph (f) below shall preserve the technical and signal quality of all PEG access channel signals.

(e) Franchisees, including Shentel, shall share equally the costs of maintenance, repair, replacement and improvements to interconnection facilities. Franchisees shall cooperate in carrying out any such work. If the franchisees fail to reach agreement on such maintenance and repair, Campbell County may carry out any work deemed necessary by it. Campbell County will bill the franchisees equally for the work, and the franchisees shall remit the amounts so billed within thirty (30) days of receipt of the bill from Campbell County.

(f) A franchisee may, if it wishes, direct connect with PEG access origination locations in lieu of interconnection with Shentel.

Alternatively, if a franchisee can obtain all of the PEG access channels at a single or lesser number of direct connection locations, it may do so. The direct connections options set forth in this subparagraph (f) are subject to the two hundred forty (240) day time limit set forth in the subparagraph (c) above.

(g) Shentel shall continue to provide the PEG origination capacity set forth in the Shentel Franchise Agreement beyond the termination of the Shentel Franchise. If Virginia law is construed not to permit Campbell County to require Shentel to continue to provide such facilities for delivery of PEG access channels to Shentel's system after the expiration of the Shentel Franchise, then Shentel shall, within sixty (60) days, either (1) remove, at its expense, all of its PEG access return feed facilities from Campbell County property, or (2) enter into good faith negotiations with Campbell County to convey such facilities to Campbell County at a price not exceeding Shentel's then-current net, depreciated book value of those facilities. If, despite such good faith negotiations, Shentel and Campbell County cannot agree on a sales price for those facilities, then Shentel shall, within sixty (60) days, either (1) remove such facilities, at Shentel's expense, from Campbell County property, or (2) abandon such facilities.

Sec. 20-25. Indemnification and insurance.

(a) The franchisee shall indemnify, hold harmless and defend Campbell County, its officers, employees, and agents (hereinafter referred to as “indemnities”), from and against:

(i) Any and all third-party claims for liabilities, obligations, damages, penalties, liens, costs, charges, losses and expenses (including, without limitation, fees and expenses of attorneys, expert witnesses and consultants), which may be imposed upon, incurred by or asserted against the indemnitees by reason of any act or omission of the franchisee, its personnel, employees, agents, contractors or subcontractors, resulting in personal injury, bodily injury, sickness, disease or death to any person or damage to, loss of or destruction of tangible or intangible property, libel, slander, invasion of privacy and unauthorized use of any trademark, trade name, copyright, patent, service mark or any other right of any person, firm or corporation, which may arise out of or be in any way connected with the construction, installation, operation, maintenance, use or condition of the franchisee’s cable system caused by franchisee, its contractors, subcontractors or agents or the franchisee’s failure to comply with any federal, state or locals statute, ordinance or regulation.

(ii) Any and all third-party claims for liabilities, obligations, damages, penalties, liens, costs, charges, losses and expenses (including, without limitation, fees and expenses of attorneys, expert witnesses and consultants), which are imposed upon, incurred by or asserted against the indemnitees by reason of any claim or lien arising out of work, labor, materials or supplies provided or supplied to the franchisee, its contractors or subcontractors, for the installation, construction, operation or maintenance of the franchisee’s cable system in Campbell County.

(iii) Any and all third-party claims for liabilities, obligations, damages, penalties, liens, costs, charges, losses and expenses (including, without limitation, fees and expenses of attorneys, expert witnesses and consultants), which may be imposed upon, incurred by or asserted against the indemnitees by reason of any financing or securities offering by franchisee or its affiliates for violations of the common law or any laws, statutes or regulations of the Commonwealth of Virginia or of the United States, including those of the federal Securities and Exchange Commission, whether by the franchisee or otherwise.

(b) Damages shall include, but not be limited to, penalties arising out of copyright infringements and damages arising out of any failure by the franchisee to secure consents from the owners, authorized distributors or licensees, or programs to be delivered by the franchisee’s cable system.

(c) The franchisee undertakes and assumes for its officers, agents, contractors and subcontractors and employees all risk of dangerous conditions, if any, on or about any Campbell County-owned or controlled property, including streets and public rights-of-ways, and the franchisee hereby agrees to indemnify and hold harmless the indemnitees against and from any claim asserted or liability imposed upon the indemnitees for personal injury or property damage to any person arising out of the installation, operation, maintenance or condition of the franchisee’s cable system or the franchisee’s failure to comply with an federal, state or local statute, ordinance or regulation, except for any claim asserted or liability imposed upon the indemnitees that arises or is related to wanton or willful negligence by the indemnitees.

(d) In the event any action or proceeding shall be brought against the indemnitees by reason of any matter for which the indemnitees are indemnified, hereunder, the franchisee shall, upon notice from any of the indemnitees, and at the franchisee's sole cost and expense, resist and defend the same, provided further, however, that the franchisee shall not admit liability in any such matter on behalf of the indemnitees without the written consent of Campbell County Attorney or his or her designee.

(e) Campbell County shall give the franchisee prompt notice of the making of any written claim or the commencement of any action, suit or other proceeding covered by the provisions of this section.

(f) Nothing in this Ordinance or in a franchise is intended to, or shall be construed or applied to, express or imply a waiver by Campbell County of statutory provisions, privileges or immunities of any kind or nature as set forth in the Code of Virginia, including the limits of liability of Campbell County as exists presently or as may be increased from time to time by the legislature. Nothing in a franchise or this Ordinance shall constitute a waiver of Campbell County's statutory provisions, privileges or immunities, including Campbell County's sovereign immunity, of any kind or nature.

(g) The franchisee shall maintain, and by its acceptance of a franchise hereunder specifically agrees that it will maintain throughout the term of the franchise, general comprehensive liability insurance insuring the franchisee. All liability insurance shall include an endorsement in a specific form which names as joint and several insureds Campbell County and Campbell County's officials, employees and agents, with respect to all claims arising out of the operation and maintenance of the franchisee's cable system in Campbell County. Liability insurance mentioned herein below shall be in the minimum amounts of:

(i) Comprehensive public liability: \$1,000,000.00 combined single limit policy. The comprehensive public liability insurance required by this section shall indemnify, defend, and hold harmless franchisee and Campbell County and the respective officers, boards, commissions, agents, and employees of each from any and all claims made by any person on account of injury to, or death of a person or persons caused by the operations of the franchisee under a franchise granted under this Ordinance, alleged to have been so caused or alleged to have occurred;

(ii) Property damage liability: \$300,000.00 per occurrence with a \$1,000,000.00 umbrella policy. The property damage insurance required by this section shall indemnify, defend and hold harmless the franchisee and the County and the respective officers, boards, commissions, agents, and employees of each from and against all claims made by any person for property damage, including damage to Campbell County's property, caused by the operations of franchisee under a franchise granted under this Ordinance or alleged to have been so caused or alleged to have occurred;

(iii) \$1,000,000.00 for all other types of liability resulting from any one occurrence;

(iv) Workers Compensation insurance as required by the Commonwealth of Virginia;

(v) A franchisee shall carry and maintain in its own name comprehensive automobile liability insurance with a combined single limit of \$1,000,000. The comprehensive automobile liability insurance required by this section shall indemnify, defend and hold harmless franchisee and the County and the respective officers, boards, commissions, employees and agents of each from any and all claims made by any person on account of collision, personal injury or property damage caused by use of any owned, hired, or non-owned motor vehicles used in conjunction with the rights granted by this Ordinance or by a Franchise Agreement granted hereunder or alleged to have been so caused or alleged to have occurred; and

(vi) Coverage for copyright infringement.

(h) The inclusion of more than one (1) insured shall not operate to increase the limit of the franchisee's liability, and that insurer waives any right on contribution with insurance which may be available to Campbell County.

(i) All policies of insurance required by this Section shall be placed with companies which are qualified to write insurance in the Commonwealth of Virginia and which maintain throughout the policy term a General Rating of "A-" and a Financial Size Category of "A:X" as determined by Best Insurance Rating Services.

(j) Certificates of insurance obtained by the franchisee in compliance with this section must be approved by the Campbell County Attorney, and such insurance policy certificate of insurance shall be filed and maintained with the Campbell County Clerk during the term of the franchise. The franchisee shall immediately advise the Campbell County Attorney of any litigation that may develop that would affect this insurance.

(k) Should Campbell County find an insurance document to be in non-compliance, then it shall notify the franchisee, and franchisee shall be obligated to cure the defect.

(l) Neither the provisions of this section, nor any damages recovered by Campbell County thereunder, shall be construed to nor limit the liability of the franchisee under any franchise issued hereunder or for damages.

(m) The insurance policies provided for herein shall name Campbell County, its officers, employees and agents as additional insureds, and shall be primary to any insurance or self-insurance carried by Campbell County. The insurance policies required by this section shall be carried and maintained by the franchisee throughout the term of the franchise and such other period of time during which the franchisee operates or is engaged in the removal of its cable system. Each policy shall contain a provision providing that the insurance policy may not be canceled by the surety, nor the intention not to renew be stated by the surety, until thirty (30) days after receipt by Campbell County, by registered mail, of written notice of such intention to cancel or not to renew.

(n) Nothing in this section shall require a franchisee to indemnify, hold harmless or defend Campbell County, its officials, employees or agents, from any claims or lawsuits arising out of Campbell County's award of a franchise to another person.
