Re: JetBroadband Channel Realignment

Dear R. David Laurell,

This is a courtesy to inform you that on December 14, 2009 QVC (Ch. 21) and CSPAN2 (Ch. 16) will switch channel positions. QVC will be moved to Channel 16 and CSPAN2 will be moved to Channel 21. We have placed an announcement on the Community Channel 6 to inform customers of the change.

We are excited to announce that in a few days we are increasing our High Speed Internet speeds up to 12Mbps at no additional cost to our customers when combined with another service.

Thank you for allowing us to serve you. We take pride in being a partner in your local community. Happy Holidays!

Sincerely,
