Re: Wards Crossing West Special Service District

Dear Mr. Payne:

In accordance with the City/County Cooperative Agreement a check in the amount of \$104,792.26 is being processed and should be delivered to the City Collector prior to December 31, 2009. This payment is for the incremental tax differential for the Wards Crossing West special service district as specified in the City/County Cooperative agreement. This is the fourth installment of the cooperative agreement.

Again I want to thank you and City Council for your cooperation in making this project successful.

Respectfully,

Mike Davidson  
Director of Economic Development

CC: R. David Laurrell
