

# Erosion and Sediment Control Drawing

Campbell County requires that a drawing be submitted with each Agreement in Lieu of application. Please use the space below to provide the following information :

1. Shape & size of parcel on which land disturbing activity would be located. Draw lot boundaries, adjacent streets, rights-of-way, driveway, physical features, etc.
2. Location of structures, and general land forms (hill tops, valleys, etc.)
3. Location of proposed land disturbing activities with erosion controls (see legend below).

Silt Fence (SF)

Construction Entrance (CE)

Limits of Clearing (LOC)

Inlet Protection (IP)

Outlet Protection (OP)

\_\_\_\_\_ **Date**

\_\_\_\_\_ **Signature of Owner/Applicant**

This drawing is not to scale, and is only to be used for informational purposes regarding Erosion and Sediment Control
