Office Staffing

General Registrar Martin presented a proposal to hire a second full-time Deputy Registrar and to raise the salaries of the current Chief Deputy Registrar and Deputy Registrar. The Board voted unanimously to support the Registrar's proposal.

Electoral Board Meeting Policies

At the request of a member of the public, the board addressed a concern about disruptive behavior at board meetings. The board restated its current practice of welcoming all members of the public to its meetings. The county attorney was consulted. In accordance with Virginia Code section 2.2-3707, a member of the public cannot be excluded from any public meeting. Behavior that is deemed disruptive by the chairman may result in an individual being asked to step outside of the meeting room, temporarily.

Yellow Branch Polling Place

The Board agreed unanimously to create a row of accessible parking spaces closest to the entrance of the school.

New London Polling Place

The Board and the General Registrar visited the polling place and rearranged its layout so that voters would not have to wait outside in inclement weather.

Public Comment

Members of the audience raised the following matters: provisional ballots; the number of new voters (currently approximately 900); and measures to insure a sufficient number of ballots on Election Day.

The Board voted unanimously to adjourn at 5:20 pm.
